

Enrolling in Benefits WITH My Benefit Basket™

Enrolling in benefits can seem like a complicated task. My Benefit Basket makes it easy by helping you navigate the decision-making process for benefits by considering your risk tolerance versus the plans that your employer is offering. Its decision support tools analyze healthcare preferences, financial position, and risk tolerance to recommend a personalized benefit solution.

College or University

- 1 Selects health insurance plans and determines how much the institution will pay for those plans (as they do today).

- 2 Provides faculty and staff access to My Benefit Basket

Faculty and Staff

- 1 Logs into My Benefit Basket to review and compare eligible benefits

- 2 Receives personalized benefits recommendations based on their budget and preferences.

- 3 Selects and enrolls in benefit options
